23 November 2007,

Dear Mr Cingula,

Following your letter of 15<sup>th</sup> of October, ecoDa's board of directors has carefully examined your candidature to join our confederation. Since your institute shares the same objectives as ours and your by-laws are completely in accordance with our established rules, we are pleased to inform you that your application as a new member was agreed.

Since Croatia is not yet a member of the European Union, your institution will be considered as an affiliated member. But as soon as Croatia joins the 27, your institute will become a full member of ecoDa with all the relevant duties in terms of fees.

Your affiliation will start as from November and you will receive in the coming weeks an invoice of 3000 euros for your 2008 annual fee.

Being a part of our confederation will provide you with the opportunity to take an active part in our three current working groups (*Membership Committee, Policy Committee and Communication Committee*). Our board would be pleased to consider the applications of one representative per committee you might submit.

We will have great pleasure to announce your new affiliation in our communication plans and on our website. All our members informed of your new affiliation were impressed by the quick achievements you made in building up your institute and are really impatient to count you amongst them on ecoDa's platform. It goes without saying that you will be invited to our next board and Management Committee as an observer in February to allow you to meet your fellows.

Whenever we could be of any help in the development of your organisation, please let us know ahead.

Very truly yours,

Philippe Declaire  
Chairman of the Membership Committee

Chairman
